

WHY TXU ENERGY

What keeps you up at night gets us up every morning.

Making sense of the electricity market isn't the purpose of what you do. It's our purpose. So put us to work for you so you can focus on what really matters, like your patients, staff and community. When your job is delivering critical care, you need an energy partner that optimizes your facility's operations around the clock.

WHY TXU ENERGY

Experience with Credibility

- Rest assured in our best in class account service with 95% satisfaction.¹
- Make informed decisions with the help of timely market data.
- Work with a team that understands the importance of an uninterrupted power supply to your operations 24/7.

Savings with Certainty

- Manage long-term budgets with fixed rates and competitive pricing you can trust.
- Skip the aggregator fees – work directly with us.
- Cut costs while remaining at peak operating levels with a predominant use study and energy audit.

Sustainability with Convenience

- Make affordable renewables a reality with wind, remote solar or a custom onsite solar solution.
- Use TXU GreenBack funds to make energy efficiency improvements that deliver ongoing, long-term savings.
- Earn points toward LEED® certification and help grow renewable energy in Texas.

Customization with Control

- Meet your operational goals with a contract designed for the way you use energy.
- Get customized solutions that can reduce energy demand and lower overall operating costs.
- Track and optimize usage across multiple facilities with our Load Analyzer tool.

"I look for an energy provider to deliver excellent customer service, which can include caring about their customers and their bottom line. TXU Energy does this through quick, courteous service and offering rebates for installing energy-saving initiatives."

– Leading north Texas health and hospital system

It costs you nothing to see if we can save you something.
