<p>Free Pass days are defined as your seven (7) highest days of usage each billing period, or all days for any billing period less than seven (7) days. A day is a 24-hour period beginning at midnight through 11:59 p.m.</p>																	
<p>The total kilowatt-hour usage shown on your monthly invoice (Billed Usage) is provided by the TDU. Your seven (7) highest days of electricity usage is determined from interval data from your advanced meter (Interval Data) and is also provided by the TDU. If the Billed Usage and Interval Data do not match: 1) any missing intervals in the Interval Data will first be determined using market information for your usage profile, then these intervals will be proportionately adjusted so the sum of all intervals equal the Billed Usage provided by the TDU; or 2) if there is no missing interval information, each interval of the Interval Data will be proportionately adjusted so the sum of all intervals equal the Billed Usage provided by the TDU.</p>																	
<p>Average prices per kWh listed above do not include facility relocation fees or other charges ordered by a municipality. For information, please go to txu.com/municipalfees.</p>
